

ANNUAL REPORT OF GIVING • 2021

Cape Cod Community College Educational Foundation
Funding New Directions

Dear Friends,

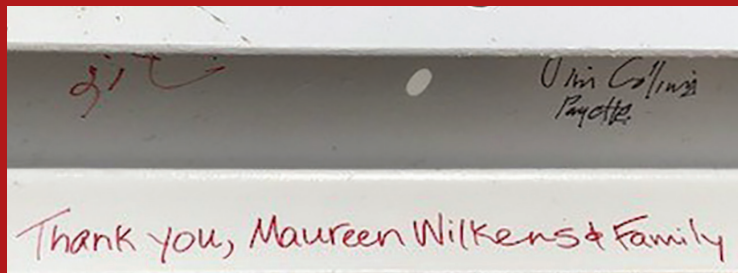

The Annual Report of Giving is our Thank You to generous donors to the Foundation. You make a tremendous difference to Cape Cod Community College, and we just can't say it often enough: **thank you!**

A few highlights of the fiscal year: the new Frank & Maureen Wilkens Science & Engineering Center is well underway. As you saw on the cover, the steel structure is up and major construction is progressing. The "topping off" ceremony – in which the top steel beam is signed by donors, faculty/staff, architects, and local community members and lifted onto the building – took place in the spring of 2021. A photo of that beam is below. While the new STEM building is the Foundation's major fundraising focus, two wonderful new projects deserve mention.

Sally Chapman Cameron served as a community college administrator in the South Coast of Massachusetts, dedicating her career to promoting the life-changing benefits of higher education. Now retired

and living in Barnstable, Sally is supporting a new generation of students, personally funding a \$30,000 grant to connect students at Cape Cod Community College (4Cs) with money that supports unmet needs and helps keep them on a path to college completion.

The Power Up grant provides critical gap funds to students who need money to address "small necessities" that can otherwise derail them from staying in college. Sally says that throughout her career she has seen students who drop out because they can't pay for a car repair, or an unexpected medical bill, or any number of life events that make continuing seem impossible. The Power Up grant is covering gaps in funding not covered by financial aid. This new grant has attracted additional donors who are drawn to Sally's idea of helping our students make it to the finish line.

Signed steel beam featured in the "topping off" ceremony for CCCC's new science and engineering building

Kathy McNamara

The College is now involved in a new student transfer partnership with Champlain College Online (CCO). This partnership establishes a personalized pathways program for students attending 4Cs to seamlessly transfer into online Bachelor's Degree programs at CCO while staying on Cape Cod and in our surrounding communities.

CCO, located in Burlington, Vermont, offers more than 60 online degree programs that encompass four in-demand areas of study: Business, Cyber Security, Healthcare, and Information Technology. Students at 4Cs can enter the pathways program, which provides personalized advising from both colleges, keeping them on-track for a seamless transfer pathway into an online Bachelor's Degree.

Craig Morong, Vice-Chair of the Cape Cod Community College Educational Foundation, made the connection between the two institutions by creating a generous new scholarship that is supporting 4Cs students transferring to CCO.

“What drew us as a family to Champlain College was their emphasis on careers in-demand for the 21st century, passionate educators, and a student body that offers both diversity and ensures that the student is not a number,” Morong said. “The concept of this partnership is to provide a first-rate education with a leader in career-oriented learning, while allowing our students at 4Cs the benefit of living here on the Cape. Our Family Foundation has created a dedicated scholarship for this program, funding full, merit-based scholarships that cover tuition, books, and all the essentials needed to graduate with a B.S. or a B.A. from Champlain College.”

The Morong family's generous new scholarship has also attracted numerous additional donors who want to make it

possible for CCCC graduates to continue their educations while living on Cape Cod.

Creative donors are making an enormous difference in the lives of our students. On behalf of 4Cs students, thank you!

With gratitude,

Kathy McNamara, Chief Executive Officer

Joyful CCCC students

2021 Distinguished Alumni

The College and the Foundation honored two alumni with the “Alum of the Year Award” in 2021.

Leah Murphy always dreamed of being a pilot, but she assumed it would have to be a hobby, not a career. Then she enrolled at Cape Cod Community College, where she gained the direction of faculty and advisors to achieve her dream. She graduated from 4Cs in 2016, and went on to Embry-Riddle Aeronautical University. She studied aeronautical science and earned her Bachelor’s of Science, graduating Magna Cum Laude in 2018. She is currently enrolled in the Embry-Riddle Aeronautical University-Worldwide Master’s Program for Aeronautics.

Leah Murphy

Leah is a commercial helicopter pilot and certified flight instructor in northern Florida. She is on the Whirly Girls International Board of Directors and Ninety-Nines Professional Pilot Leadership Initiative Coordination Team.

She has presented at various educational speaking engagements for young women, including Microsoft’s Digi Girlz and the Girl Scouts Aviation Camp. Pre-COVID, on Christmas, Leah would volunteer with Cape Cod Synagogue to provide meals and clothes to the homeless.

Whenever given the opportunity, Leah returns to visit CCCC. One of her favorite activities as a student was hosting her own radio show through the campus radio station.

Leah is a credit to the College and we are pleased to recognize her with the 2021 Young Alumna of the Year award.

As this report went to print, we learned John Curley passed away in December, 2021. We will miss him, and we are grateful for his support of the College.

John Curley pursued a college education over 50 years ago at 4C’s in the Hotel and Restaurant Management Program. He fondly looks back at his experiences at Cape Cod Community College as the “jumping off point” for his entire career. The invaluable skills he learned in the hospitality program carved the path to earning his bachelor’s degree in Hotel, Restaurant, and Travel Administration from UMASS Amherst and securing his first job at the Hilton Hotel Corporation in 1976.

John Curley

For the next 3 years, John worked his way through the management chain, preparing to start his own business in the coming years. In 1989, John established Curley Publishing of South Yarmouth, and later, Curley Direct, where he would oversee the daily operations of commercial printing and mail marketing for a wide range of industries including hospitality, nonprofit, real estate, home building, and landscaping. Through the years, John has maintained strong ties with 4C’s and the local community.

John is no stranger to giving back, never hesitating to volunteer his time and expertise where needed. John has served on a variety of Boards over the years, most recently serving on the Cape Cod Technical High School Advisory Board and the Kelley Foundation Board. He also donates annually to the Seaside Le Mans – The Race for the Cape Cod Community as an annual sponsor.

From his generous volunteer efforts to his unwavering dedication to serving his community for over 30 years at Curley Direct, John is a true pillar in the Cape Cod community. We are pleased to recognize him with the 2021 Alumnus of the Year award.

Foundation Financial Statements, Fiscal Year 2021

Supporters of Cape Cod Community College Educational Foundation

Total Net Assets as of 6/30/2021: \$22,971,583

- \$257,600 awarded in scholarships to CCCC students.
- \$351,632 provided to various CCCC programs and activities.

For a copy of the audited financial statements of Cape Cod Community College Educational Foundation prepared by O'Connor & Drew, PC, please contact the Foundation office at 508.375.4015.

Foundation Scholarships:

Two Types: “Non-commencement scholarships” for students who will use the aid to attend CCCC; and “Commencement scholarships” for graduating CCCC students who are going on to additional higher education.

The Top 3 Scholarships Awarded in 2021:

Wilkens Family Trust: 6 scholarships x \$4,000 each

For CCCC students who are single parents with at least one dependent child in their care.

\$24,000

Clark Newell Memorial: 4 scholarships x \$5,000 each

Matriculated into the Nursing program, non-traditional age student, transcript required.

\$20,000

Laura L. Flanders Memorial: 7 scholarships x \$2,500 each

For one student attending CCCC, and for one graduate pursuing additional higher education.

\$17,500

Number of
non-commencement
students who received
scholarships in 2021 ► **90**

Number of
commencement
students who received
scholarships in 2021 ► **19**

Two ways donors fund CCCC scholarships: Scholarships may be endowed (for a minimum donation of \$20,000), and will continue in perpetuity. Or, a scholarship may be established and given once (or yearly) by sending funds to the Foundation. The minimum amount for a scholarship award is \$750.

117 ► Number of donors who supported scholarships in 2021

CCCC Commencement students are going to: *Amherst College • Bridgewater State University • Vermont Tech UMass - Amherst • UMass - Lowell • UMass - Dartmouth • UMass - Boston • Southern New Hampshire University Unity College • College of the Holy Cross*

\$1,089,737

total awarded
to graduating
& current
students in the
